TECH TIPS

REMOVE VIDEO BACKGROUNDS!

<https://www.unscreen.com/>

With Unscreen you can use a gif or even record your footage anywhere, then simply get rid of the background. No Green-screen needed!

NO MORE YouTube ADS!

Eliminate distractions from YouTube! YouTube can be a powerful tool for teaching and learning, but using it in the classroom can be a bit of a gamble, with ads popping up and distracting video suggestions lining the page.

Adding a simple hyphen to the Youtube link, so that youtube appears as yout-ube, solves this problem, allowing students to view content on the site without interruptions.

THE INVISIBLE BOY:

by Trudy Ludwig

Have You Ever Felt Invisible when You're Around Other People?

Meet Brian, the invisible boy. Nobody ever seems to notice him or think to include him in their group, game, or birthday party... until, that is, a new kid comes to class. When Justin, the new boy, arrives, Brian is the first to make him feel welcome. And when Brian and Justin team up to work on a class project together, Brian finds a way to shine.

TRUDY LUDWIG

The Invisible Boy shows how small acts of kindness can help children feel included and allow them to flourish.
